Larry -

Received copy of your memo
to Larry Horton on "principal agent."

It ~~was~~ prompts some queries:

- Did I see the log? Vaguely
recall this as one element
of an earlier multi part
paper
- Are you keeping NIO/SP posted,
or coordinating to take ad-
vantage of his earlier ex-
perience in that assignment?
- Have you met with Horton on
the disjointed language you wanted
last week?
